PROFESSIONAL SUMMARY

Operations leader with 9 years across technology startups, coworking and project delivery. As Head of Operations for a 25-person technology company, delivered 10 projects for 10 clients worth INR 20 lakh+, built an in-house ERP used by 80% of staff, and cut project completion time by 40%. Authored 50 SOPs and scaled a 500-seat facility to 90% occupancy within 12 months.

SKILLS

Facilities & Workplace: Facilities and workplace management | Preventive maintenance | Fire safety compliance | Vendor, contractor and contract management | SLA management | Lease, insurance and licence renewals | Landlord and building management liaison | Budgeting and cost control

Project Delivery: Office fit-out delivery | MEP coordination | Site supervision | Project management | Stakeholder management | Testing and handover

Systems & Technology: ERP & LMS development (Supabase, Vercel) | Odoo | ERPNext | Zoho (CRM, Projects, Invoice, Books) | Google Apps Script | LMS administration | Jira (proficient) | Trello (proficient) | Tally | QuickBooks | MS Office with macros | AI tools | AutoCAD | Fusion360 | KiCAD | Python, SQL, React JS (basic)

Strengths: Quick learner and problem solver | Adaptable across industries | Self-taught in new tools and systems

EXPERIENCE

Head of Operations | Tensorbot Innovations Private Limited, Trivandrum, India **Oct 2024 - Sep 2026**

- Owned operations, client communication, budgets, revenue tracking and accounts for a 25-person company, reporting directly to the founder.
- Delivered 10 IoT, embedded, AI and automation projects for 10 clients worth INR 20 lakh+, leading rotating teams of 2-3 from a pool of 5.
- Designed, built and deployed an in-house ERP using AI tools (Supabase, Vercel) covering projects, inventory, procurement and accounts, driving 80% staff adoption (20 of 25) and replacing a paid ERP subscription.
- Automated project tracking and finance with the ERP and Google Apps Script, avoiding 2 admin hires and saving about INR 4.8 lakh a year.
- Streamlined project tracking, cutting project completion time by 40% and freeing capacity for new projects.
- Authored 15 SOPs covering operations, finance, accounts and inventory, and maintained the central repository.
- Evaluated and selected 10 to 15 vendors and suppliers for client projects.
- Delivered 7 paid five-day Embedded Systems workshops for 260 students across 2 colleges, generating INR 6.3 lakh (INR 90,000 each).
- Co-built an in-house LMS module, then administered it and added 2 courses of 5 modules each for the workshops.

Head of Operations | The Atomic - Noster Associates Private Limited, Trivandrum, India **Sep 2022 - Sep 2024**

- Launched and ran a 40,000 sq ft, 500-seat coworking facility, implementing operations and management systems with the owners.
- Scaled the facility to 90% occupancy within 12 months (450+ members across 20+ companies), generating INR 6 crore in revenue over 2 years.
- Supervised a facility supervisor and a front desk manager and coordinated 10+ on-site staff across housekeeping, security, front desk and contractors, reporting to the Directors as sole facility manager.
- Managed 8 operational vendors and 10+ maintenance contractors across vendor agreements, SLAs and preventive maintenance, and resolved emergencies through a tiered escalation process.

- Ensured fire safety compliance through monthly, quarterly and annual inspections, digital records and 2 fire drills a year, and passed the external fire and safety department inspection.
- Managed lease, insurance, licence and permit renewals, and liaised directly with the landlord and building management.
- Briefed the Directors weekly on occupancy, revenue, expenses, budgets and maintenance.
- Authored 20 SOPs covering access, housekeeping, IT support and event hosting.
- Selected, configured and deployed Zoho CRM, trained the team, and handled the facility's IT and networking.
- Organised monthly meetups and celebrations for 20+ client companies.

Operations Manager | Noster Associates Private Limited, Trivandrum, India **Mar 2020 - Aug 2022**

- Delivered 7 office interior projects worth INR 5.6 crore, including The Atomic fit-out (INR 3 crore).
- Accelerated delivery of an INR 40 lakh oxygen plant civil structure for a government medical college, completing it in 1 month against a 3-month minimum on comparable projects.
- Directed all 7 projects end to end across client, budget and vendors.
- Orchestrated 8+ contractors and vendors per project across civil, MEP, finishes and IT trades, including electrical and network room setup.
- Supervised civil, flooring, partition, plumbing, electrical and network routing, HVAC duct, furniture and device configuration work through testing and handover.
- Maintained drawings, approvals, test reports and handover documents for all 7 projects.

Lead Organizer | Bloombloom Dreambiz Private Limited, Trivandrum, India **May 2018 - Dec 2019**

- Ran a 30,000 sq ft, 450-seat coworking facility serving 250 users with 10 staff.
- Standardised procedures, reducing housekeeping material use by 60% and electricity costs by 30% (about INR 45,000 a month, INR 5.4 lakh a year).
- Managed 8 operational vendors and 10+ maintenance contractors, and authored 15 SOPs, including security protocols.
- Ran fire safety inspections and 2 fire drills a year, and managed lease, insurance, licence and permit renewals, liaising directly with the landlord and building management.

Operations Assistant | Aeriot Home Automation, Kochi, India **Oct 2017 - Apr 2018**

- Designed the architecture and routing for about 10 smart home projects using third-party IoT products, including 2 larger 6-device installations, from configuration to post-installation support.
- Supported contract staff with installations and prepared status reports and post-project evaluations.

Trainer | Academy for Career Excellence and Research, Palakkad, India **Apr 2016 – Dec 2016**

- Trained 40 students: 10 engineering students in Digital Signal Processing and 30 Plus Two students in Science and Mathematics.
